

WELCOME TO YOUR #SHEINSPIRESME CARBOUTIQUE TOOLKIT

Welcome to your #SheInspiresMe Carboutique Toolkit! A #SheInspiresMe Carboutique is a fundraising event much like a clothing swap or rummage sale, in support of Women for Women International. Whether it's in a car park, the break room at work, your living room or a park or community centre – it's easy to host your very own #SheInspiresMe Carboutique (and there's no car required)! This planning guide will give you all the resources you need to plan a successful event.

#SheInspiresMe Carboutique

This fundraising event is an exciting new opportunity for our supporters all over the country to support a great cause and have a fun time with friends, family, neighbours and colleagues. Become a part of our annual #SheInspiresMe Car Boot Sale by hosting your own event – spice up your wardrobe while helping us empower women survivors of war.

Why get involved?

With every **£289** you raise, you can sponsor a woman through our year-long programme, and support her as she overcomes the horrors of war and learns the skills she needs to support her family and transform her life.

A #SheInspiresMe Carboutique is a great tool for community building – you can use this opportunity to raise awareness in your community about the challenges women in the world face today, and for you and your guests to talk about all the ways we can join together to support women survivors of conflict, and truly make a difference.

Our Annual #SheInspiresMe Car Boot Sale

In 2016, we hosted the first annual [#SheInspiresMe Car Boot Sale](#). The event received fantastic media coverage, including [Vogue](#), [Vanity Fair](#), [Evening Standard](#), [Marie Claire](#) and raised over £60,000 in support of our work.

"I just wish all car boot sales were like this!" said Jade Parfitt, Women for Women International supporter, model and presenter. Watch Jade's video [here](#).

About Women for Women International

Since 1993, Women for Women International has supported more than 447,000 in Afghanistan, Bosnia and Herzegovina, the Democratic Republic of Congo, Kosovo, Iraq, Nigeria, Rwanda and South Sudan.

Through our 12-month programme, women learn about their rights, as well as key life, vocational and business skills to access livelihoods and break free from poverty.

Participants come together in a class of 25 for life-skills, leadership and rights awareness training, which enables women to become healthy, active leaders of positive change in their communities. They learn a marketable vocational skill, such as organic farming, bee-keeping or brick making, and receive business skills training, to turn their chosen skill into an income generating activity.

Join us in creating a ripple effect.

About the #SheInspiresMe Campaign

The [#SheInspiresMe campaign](#) gives you the opportunity to take action and lend your voice to create a chain of inspiration. **Use your #SheInspiresMe Car-boutique as an opportunity to encourage your guests to sign up for the sisterhood!**

With over twenty brutal armed conflicts across the globe and unprecedented levels of violence against women, there's never been a greater need for Women for Women International's work to support women survivors of war. From women survivors of war to our closest friends and family, #SheInspiresMe celebrates the vital contributions that all women make – not just because women's voices and achievements are so often unheard and overlooked – but because elevating women strengthens the social fabric of societies everywhere. Ultimately stronger women build stronger nations.

Messaging

#SheInspiresMe Carboutiques are a new way to support Women for Women International, so have fun with it! Get creative in how you organise your event and let us help you find the best way to engage with your guests as you fundraise and raise awareness! It is not every day that searching out a bargain or finding that perfect summer dress supports an important cause.

This style of fundraising is a powerful way for you to introduce Women for Women International to your friends, family and local community. Please be sure to speak with your guests about Women for Women International and encourage them to join the global sisterhood. That way, after the bargain hunting is over, you can all join the global conversation and learn more about the inspiring women that we serve.

For more information on how to advertise your event, check out the PR Toolkit and Social Media templates available in the [#SheInspiresMe Carboutiques Dropbox folder!](#)

Tips

Good to Sell:

- Clothing you don't wear anymore
- Books
- Toys your children have outgrown
- Homeware items

Keeping it Legal

- **Car boot sales** require special licensing, so if you decide to not participate in a local car boot sale, we suggest you host your own event, akin to a clothing swap or rummage sale! Just as fun, and just as easy to raise enough funds to sponsor a survivor of war. Click [here](#) for more information on licensing for car boot sales.
- If you host a **raffle or lottery**, make sure to charge a standard price for each ticket. You must announce a winner by the end of the day on the day of your event, or look into purchasing a lottery license (available from [your local council](#)). Click [here](#) for more information.
- In addition to collecting the money raised from your Carboutique, you might want to set out **collection tins**; in that case, please make sure you comply with your venue's regulations – either contact the venue proprietor, look into public collections or contact us at supportuk@womenforwomen.org. Click [here](#) for more information.
- Please send us all **communications or media** you intend to share for sign-off at supportuk@womenforwomen.org. For more information, see the *PR Toolkit* provided in the [#SheInspiresMe Carboutique Dropbox](#).

How to Price Items:

Suggest 50% off the original value

To Avoid Selling:

- Undergarments
- Anything stained or torn
- Personal mementos or souvenirs
- Food (unless part of a snack stand for Carboutiquers consumption)

From a student supporter:

“The clothes swap at St Andrews was a fantastic way to engage university students with our charity. We sold used clothes at discounted prices, and received donations from men and women alike. The swap is an event we do every year because it is quick to organise and we consistently raise enough to sponsor at least one woman through Women for Women International’s programme. Flyers and heavy social media promotion were key to the success of our event.”
