The donation made in your name is going to help women survivors of war rebuild their lives. Women for Women International's Stronger Women, Stronger Nations programme helps train women to learn about their rights, their health and wellbeing, how to save and earn an income – all together in a classroom with 24 other women, creating a vital support network.

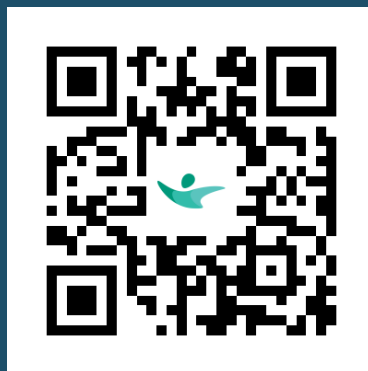

When they graduate, some women go on to strengthen their advocacy skills in our Change Agent programme, where they will learn how to become leaders in their communities, creating lasting change for even more women. That's exactly what Grace and Hadiza are doing in Nigeria.

Grace and Hadiza are fighting back against Gender-Based Violence in their community.

Born from a passion to help even more women, Grace and Hadiza are now using the leadership and advocacy skills they gained to bravely challenge norms and make their voices heard.

Hadiza shared her goals, "I wanted to reduce the incidences of rape, early marriage and Gender-Based Violence, by being vocal and actively advocating for change."
